The data is as at 25th September 2018 and is taken from the ONE computer system on that date.

Subsequent analysis has identified that in a small number of records (impacts on 48 records) the feeder school record and the area of the feeder school are not consistent. This is because in these cases on the date the extract was taken the receiver school data has overwritten the feeder school data on the ONE system. Also, there was an error in the record for Chalfont Valley E-Act Academy which means the reports show the school as being in Wycombe district when it is actually in Chiltern and South Bucks (impacts on 20 records). This data extract forms the base data for all the datasets produced at the end of the academic year and so we have taken the view, in the interests of transparency and because all of the other data summaries have been published some time ago, to note these issues but not amend this dataset to correct them.
